SÖDERSKOLAN SANDVIKEN

Högbo Qvarn is a place where you can have fika, dinner and lunch.

Some people even have their wedding receptions here. The location is very beautiful.

Already in the autumn you can skii in Högbo, because they save the snow from the winter before and keep it under layers of sawdust. It costs 100 kr for two hours skiing

And it's open from 07.00 to 23.00

Högbo is very famous because of this. People come from far away to skii. And many call it

”The paradise of skiing.”

In Högbo you can do many funny things, like play some golf, watch animals, canoeing, lie on the beach and swim in the summer and skii in the winter, and if you have kids you can go and play in the playgrounds.
